

George's Story

It started a long time ago, when I was in 6th grade. My dad went away for a long time and all I had was a mom. But she was always at work. Through the years I started to hang out with a bad crowd and started doing drugs and that lead me to go to the detention center for a while. I got out when I was 15 years old and I am trying to change my life. I started to go to school. My tutor is very nice and I got a job at Presbyterian, and I'm still on probation, going to get off in May 2008.
