

Rosa's Story

My name is Rosa Sifuentes. I'm from Chihuahua Mexico. I came here about 12 or 13 years ago. I work for Los Lunas Community Programs. I like my job.

I like my tutor; she's nice and happy. We talk about my life history and my job experiences as part of my lesson in learning to speak English. Linda speaks slow enough for my ears to understand what she is saying.

My goal is to take the nursing courses here to be able to work in the nursing field in N.M.
